

TECHNICAL INFORMATION

Description

Sure Grip "LU" Series Control Grip is our large handle commonly found on forestry, mining and construction machinery. It is designed to offer up to 8 switches in the faceplate as well as the option for up to 2 trigger switches or operator presence switch. An expansion pod can be installed that will be mounted on either side of the handle, for an additional 2 buttons, 1 Slider or 1 Rocker module. A keypad can also be installed on the left or right of the handle for an additional 10 buttons.

The "LU" Series Control Grip can be customized with all the Sure Grip Handle Options such as; Slider modules, Rocker modules, Microjoystick, LED's, toggle switches and maintained switches. Accessories such as bushing adapters, studs and sealed connectors are also available (Please refer to Handle Accessories on website).

The cases are molded from a high impact plastic polymer into a comfortable shape for a rugged and lightweight control handle for extreme duty applications. The standard Sure Grip switches are covered with our patented overlay design.

Standard configurations are available for next day shipping (please contact factory).

Features

- Sealing up to IP67
- Rugged design
- Overlay customizable
- Switches tested to 10 million operations
- Multiple trigger options available
- Supports up to 2 Microjoysticks
- Supports up to 4 Sliders or Rocker Modules
- Supports a 10 button keypad
- Supports up to 8 faceplate switches
- Supports Expansion Pod, i.e. Forward/ Neutral/Reverse functions
