

Demand Series Joysticks for Municipal Vehicles

Sure Grip's Demand Series sets the standard for rugged, multi-functional joysticks for the municipal vehicle market. Developed specifically for refuse collection vehicles (RCVs), the Demand Series is built to withstand operation in the harshest conditions.

Rugged, Long-Lasting Performance

The fully sealed and impact resistant Demand Series joysticks are certified to IP67. Rated for -40°C (-40°F) to 85°C (185°F) operation, Demand Series Joysticks are designed to withstand even the most extreme conditions for up to 5 million cycles (20 million operations).

Maximum Operator Efficiency

With an ergonomic faceplate, including responsive, smooth, high-travel buttons that provide positive tactile feedback, the Demand Series joysticks will improve operator productivity.

Designed Specifically for Municipal Vehicles

Demand Series joysticks feature an ergonomic operator control solution that provides reliability and efficiency to today's RCV systems.

Want to put the Demand Series Joysticks to the test?

With the fastest lead times in the industry, Sure Grip delivers to meet your production needs. **Contact us today to see why there's nothing we can't handle!**

Take Control with Demand Series Joysticks

Easily configurable controls can be assigned through the CANbus

High-impact, plastic polymer control handle ideal for rugged and extreme-duty applications

Ergonomic design reduces fatigue to ensure longer, more comfortable operation

Fully sealed to IP67, chemical and UV resistant handles prevent degradation in the most extreme environments

Intuitive controls with large tactile buttons provide positive response when pressed, even while wearing gloves

High-strength chromoly shaft for maximum durability

Reliable operation, tested to over five million cycles

Fade free performance enabled by contactless Hall sensor technology keeps joystick operation smooth and reliable over extended use

Compact joystick base with a minimal footprint fits in the tightest spaces

Fast and simple, plug-and-play installation using an integrated Deutsch connector

Sure Grip Controls is an ISO certified company specializing in custom control solutions for vehicles and equipment in agriculture, construction, forestry, transportation and industrial applications. Our joysticks, miniature thumb controls, and control electronics are meticulously designed, engineered, manufactured and quality-tested to meet manufacturer's specifications while delivering long-lasting, reliable performance. We work closely with hundreds of original equipment manufacturers around the world to develop innovative solutions to their challenges. Whether it's a few joysticks or thousands, our engineering, manufacturing and fulfillment teams are ready to produce your project. Our flexible manufacturing and distribution systems are designed to meet the needs of our global customers.
